Anthropology Brown Bag presentation

Introduction to

EduceLab

Infrastructure for Next-Generation Heritage Science

Dr. Hugo Reyes-Centeno

Friday, Sept. 30th, 12:00pm Lafferty Rm. 213

- **What is Educe Lab?** EduceLab is a highly specialized heritage science laboratory expertly designed to provide data-intensive yet object-centric solutions to the most challenging problems in the study of cultural heritage. Its unique ecosystem of non-destructive instrumentation offers key scientific capabilities that are crucial to addressing the challenging variability of heritage science contexts.
- **What is Heritage Science?** Heritage science is the interdisciplinary domain of scientific study of cultural or natural heritage. Heritage science draws on diverse humanities, sciences and engineering disciplines. It focuses on enhancing the understanding, care and sustainable use of heritage so it can enrich people's lives, both today and in the future.
